ABOUT RENOVA BUILD

Renova Build is a versatile, one-stop general contracting company specializing in both interior and exterior renovations. We provide comprehensive services across the residential, commercial, institutional, and industrial sectors.

YOUR ONE-STOP CONTRACTING PARTNER

Overview

One-stop general contracting company with a dedicated demolition division.

Sectors

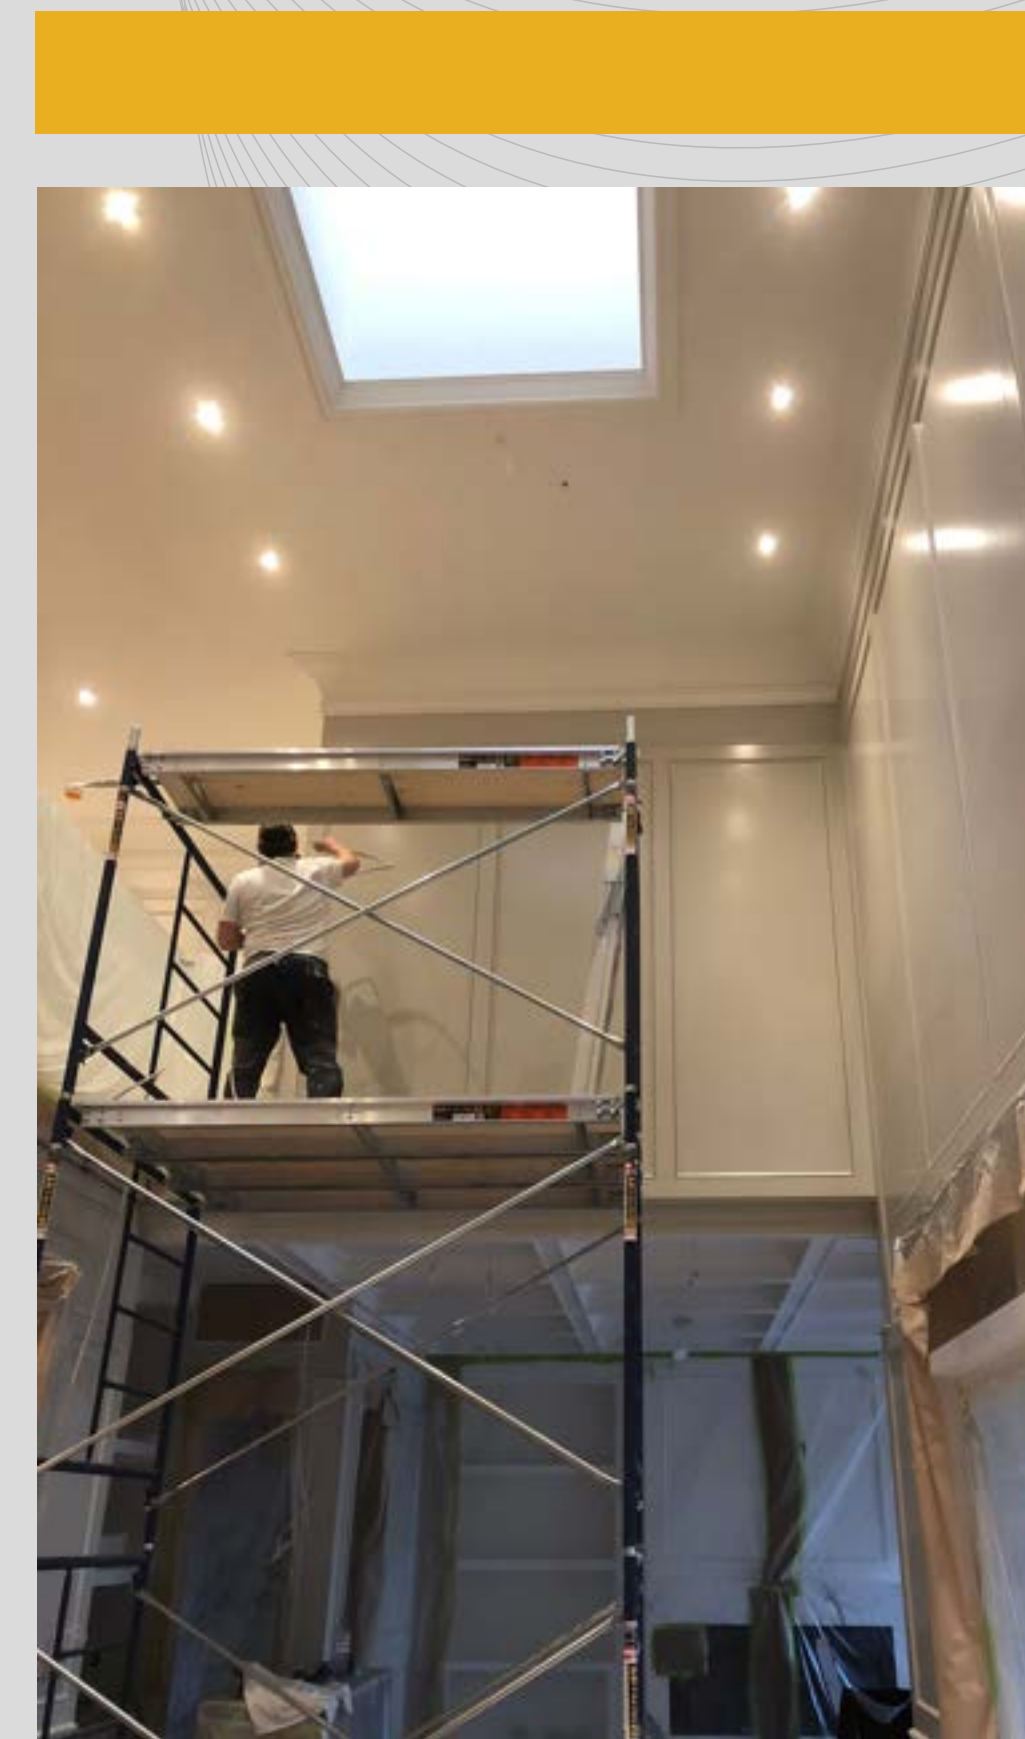

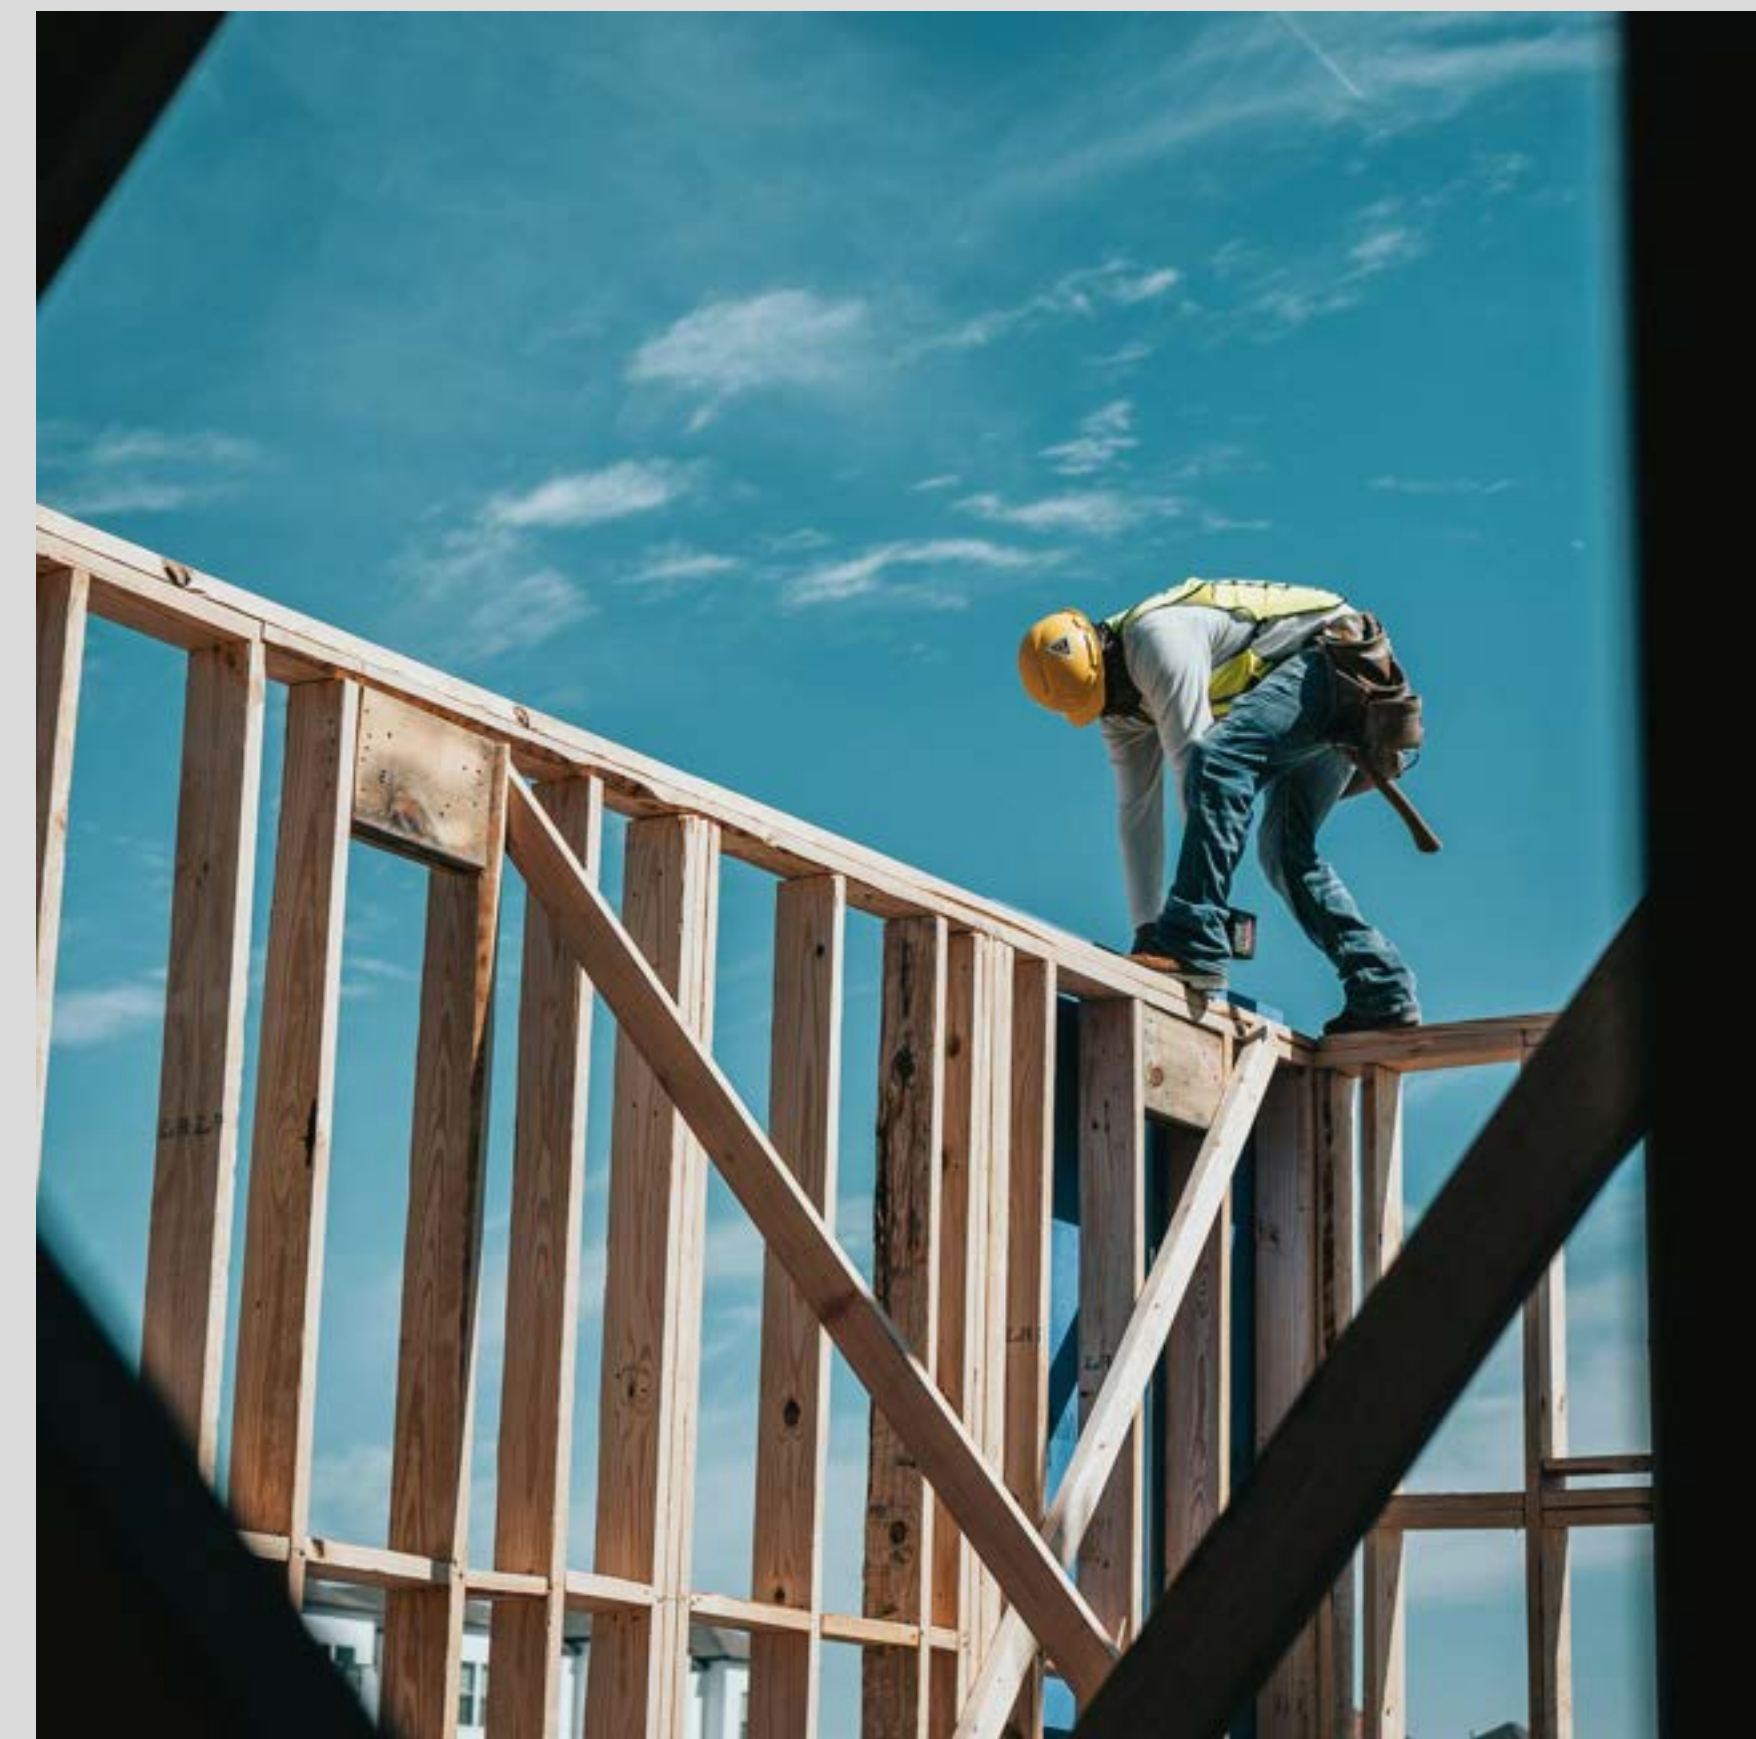

Residential, Commercial, Institutional, Industrial.

Clients

Serving luxury real estate agents, rental property managers, condominium property managers, commercial project managers, co-op managers, manufacturing plant supervisors, and building owners.

Values

Dynamic, progressive, and committed to delivering exceptional service.

EXPERT DEMOLITION SOLUTIONS

At Renova Build, we have a fleet of advanced machinery and equipment capable of handling demolition projects of all types and sizes. From residential homes to large industrial complexes, our team is skilled in precise, safe, and efficient demolition work.

OUR CAPABILITIES INCLUDE

Full-Scale Demolition

For residential, commercial, and industrial buildings, including factories, industrial halls, metal structures, warehouses, chimneys, towers, and foundations.

Controlled Demolition

When accuracy is essential, such as in confined spaces or densely populated areas, we execute controlled demolitions with utmost precision.

Rubble & Material Transport

We responsibly transport and manage materials resulting from demolitions, ensuring compliance with environmental regulations and industry standards.

KEY FEATURE

We ensure every project adheres to environmental laws and is conducted with minimal disruption, making us a trusted partner for both large and small-scale demolitions.

TESTIMONIALS

Highly recommend Renova Build for top-notch workmanship and service! They went beyond expectations by installing a sturdy fence at one of our properties, returning the space better than before. They were very respectful and listened to my needs. We use Renova Build for different renovation and maintenance projects.

Joan Jones
Property Manager - Mareka Property Management

We've hired Renova Build to handle two full bathroom renovations in our building and I can only say that we are extremely happy by choosing them. Doing work in occupied units is not easy but working with Daniel the process was smooth for everybody. The final product came out just as expected. Well done Renova Build. We trust them to handle our suite renovations and capital work.

Daniel Laculeanu
Maintenance- Bridle Manor Co-operative

Renova Build has done a fantastic job for us. They had to repaint our 5500 sq ft office space over the weekend so that everything was ready for my team on Monday morning. From start to finish everything was well planned and executed. Right on time.

Tom Belu
Plant Manager- ABC GROUP

Renova and my contact Daniel have been amazing to work with, we started on a project back in 2014 and we've continued to work together since then. Renova is one of my trusted contractors and they have been very professional in their services, billing and estimation. I would not hesitate to hire or refer them for any projects. They have worked on commercial and residential projects on behalf of myself and my clients. Do not hesitate to call or email with any questions. davidoe@mac.com 416-908-9800
